Application No: 10/518,621

15 August 2006

Dear Ms. Bacares,

With respect to your letter of 19 July regarding the above identified application. I understand I am a named inventor.

As a patent agent (Reg 48,414) – I do feel I have an obligation to inform the patent office that I have tried to contact the attorney of record's office with respect to my concerns over the modifications to the specification and claims made in this application since I signed my original oath.

These inquiries, made by certified mail, have gone unanswered. It is, in my view, a misrepresentation of the facts to designate me as a non-cooperative inventor – when it is the prosecuting firm that has failed to respond to my letter.

Best regards

Keith J. Brodie
